SUMMER REC BASEBALL

Summer is just around the corner and time to start planning those activities associated with the season!

There may be some confusion on the summer baseball program in Kennedy. Hallock has lost their coach and the two cities are looking at some type of collaboration.

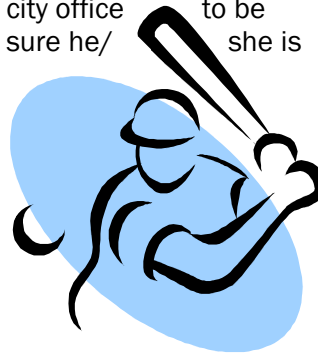

A headcount is being formulated to see how large the teams would

be etc. Nothing has been decided/determined to date. Make sure your child sign the sheets at school for participation. Also, you can call or e-mail the city office to be sure he/she is

counted.

Both cities want to be sure that every child has the opportunity for ample playing time and enjoys the experience.

Speaking of baseball, all Kittson Central high school games will be played in Kennedy. Itching to watch some baseball, come on out. A new scoreboard will be erected soon to enhance the experience. Kinda like Target Field, not a bad seat anywhere!

BE AWARE!!

We have definitely been blessed with beautiful spring weather. As a small city we are also blessed with many little kids running the streets. Please be aware of these tikes as you are driving around. Use caution in areas you know there are many young children. They are the future of our community and we enjoy watching their little antics!!
