Community Garden Needs You!

The city and residents should be forever grateful to Mary Cooney for all she has done for the community garden. The garden needs you. If you have some time to pull some weeds that would be great. Stop when Mary is there and have a visit while doing a little work!!

Donations are always accepted for the general upkeep of the gardens. Mary

MAKE PLANS NOW!

Spread the word to family and friends that Kennedy is the place to be on Friday, July 16 & Saturday, July 17.

The Kennedy Softball team will compete in the annual "Softball Under The Lights" vs. Lake Bronson Lakers on Friday evening.

Some **NEW** Saturday events are Breakfast at The Café, Go Green 5K Walk/Run, Fireman's Muster and a Pulled Pork Sandwich

hires young Kennedy children to mow and weed. Your financial support is needed to help pay for these helpers.

Stop at the city office with your donation today!

Basket served by the Kennedy Jaycees. Many of the old favorite events are still happening but partake in everything; old and new!!

THE ROOSTERS are back in town to entertain us at the Street Dance Saturday night.

You need to **register for the Go Green 5K Walk/Run by July 1** to receive a T-shirt. You will never guess the color of the shirts and the artwork is below. You want

one of these shirts!! Go to the website to print out your registration form or get one at either bank in Kennedy.

Go to the website for a complete schedule with times for the weekend.

There are probably some class reunions planned but the city is unaware at this time.

So, spread the word and let's have some fun in July!

Tips to Control Mosquitoes in Your Yard

Mosquitoes require water to breed. Adult mosquitoes lay eggs in stagnant or slow moving water, or on moist soil or leaf litter in areas likely to collect water. By eliminating these water sources, you can keep new generations of mosquitoes from taking up residence in your yard. Drill holes in the bottom of any garbage or recycling containers stored outdoors. Keep gutters clean and unclogged. Be sure your downspouts drain properly, without leaving puddles in the drainage area. You may need to reroute your downspouts or add extensions to carry water away. Walk your property after a rain, look for areas in the landscape that are not draining well. If you find puddles that remain for four or more days, reslope the area. Ornamental ponds should be aerated to keep water moving and discourage mosquitoes from laying eggs. Dump anything that holds water twice per week if it has rained. Birdbaths, non-chlorinated wading pools, footbaths, garbage can lids, and pottery will all attract breeding mosquitoes. Remember to empty the saucers under your flower pots, and don't leave water in pet bowls for more than two days. Keep your property clean of items that can hold water, including discarded aluminum cans and tires. Adult mosquitoes rest during the day, usually on tall weeds or other vegetation. Make your yard less hospitable to mosquitoes by mowing your lawn regularly, and keep weeds away from your home's foundation.

Thank you is in order.

BASEBALL IN KENNEDY

The city of Kennedy is pleased to have the ball diamond busy this summer. There is summer recreation baseball, Babe Ruth baseball and Men's softball. A full field schedule and individual team schedules are available on the city website. Come out and enjoy a game or two!! The scoreboard is up and running, too.

Don't forget to attend the Softball Under the Lights game on July 16.

This is a nice field for all to enjoy!
