City of Kennedy

Volume 11, Issue 1

November 16, 2009

Community Stewards & Good Neighbors

In our small community, we all need to work together on different projects. These "projects" can be attending a fundraiser, helping a neighbor, picking up a piece of garbage.

Today, the city of Kennedy is asking for community stewards to participate in cleaning the leaves out of the gutters.

The city usually hires for the cleaning which did not pan out this season. Greg Mitziga has been doing streets by hand but, the nice November weather we are having may not last. Kittson Central has also postponed their community service day until spring. In past falls, the kids have

done a bang up job cleaning. If everyone cleaned only the gutters in front of their residence, this would be a huge benefit to everyone!

The removal of the leaves also helps spring run off and prevents minor flooding.

We are asking for a little bit of time and effort from each of you!!!

The city has seen an increase in the number of complaints on dogs running around.

Please keep your dog within the confines of your property. There are some great containment systems available that allow your dog freedom within your prop-

GAS CARDTROL

Johnson Oil from Hallock is installing a card-trol unit at the former Kennedy Oil gas station.

By the end of the week we all should be able to buy gas in our community again! Watch the yellow sign.

The city council encourages all residents to use

of this service. It was a strain when there was not any gasoline available.

Also, thank the Johnson Bros. for their commitment to installing the gas system. We do really appreciate the business in Kennedy!!

erty. Your neighbors will love you!

Now Available at the City Office~2010 Pocket Calendars from Otter Tail Power Company. These are complimentary. Stop in and grab one today!

Winter parking regulations will go into effect the first snowfall. Please remove all vehicles from the city streets. Thank you!

Klerk's Klips
